

ZioSkin

**See the condition.
Find the cause.**

AI SKIN & SCALP ANALYSIS

Imaging shows what is on the surface. A test kit shows the bacteria and factors behind it. ZioSkin brings both into one result.

ONE TECHNOLOGY, FOUR FORMATS

The same analysis, built for each setting

Dermatology desktop

Clinics and dermatology centres

Standing kiosk

Cosmetic stores and retail

Aesthetic station

Salons and skin care centres

Home-care device

Personal use with the app

01

Image scan

High-resolution imaging of the skin or scalp.

02

Test kit analysis

A simple swab test identifies key bacteria and related factors.

03

Integrated result

AI combines both data sets to help identify the main causes.

YOU GET

01 **Detected bacteria and key factors**

02 **Condition and severity level**

03 **Personalised care recommendations**
